### **For Immediate Release**

#### **Arius3D announces change in fiscal year-end**

**TORONTO, Ontario, Canada, April 15, 2010** – Arius3D Corp. (“Arius3D” or the “Company”) (TSXV: LZR) announced that its board of directors, following additional consultation, has approved a change in the Company’s fiscal year-end from May 31 to March 31, effective from March 31, 2010.

The Company had previously announced a change in its year-end to December 31. However, Arius3D Inc., which recently completed a “reverse take-over” in respect of the Company (formerly Rebecca Capital Inc.), has a March 31 year-end. Since Arius3D Inc. is considered the continuing entity for financial reporting purposes, the adoption of a March 31 year-end by the Company is consistent with the form and substance of the transaction between Arius3D Inc. and the Company. This change in the fiscal year-end will therefore be seamless and cost effective.

As a result of the change in year-end, the Company will file its annual audited consolidated financial statements for the 12 month period ended March 31, 2010 on or before July 29, 2010. In respect of the fiscal year ending March 31, 2011, the Company will file interim reports in respect of the 3 month periods ending June 30, September 30, and December 31. The Company will also file, prior to April 30, 2010, interim unaudited consolidated financial statements for the 3 month period ended December 31, 2009 in respect of Arius3D Inc.

The change in the Company’s fiscal year-end remains subject to the approval of the Canada Revenue Agency.
